

# Bhagavad Gita learnings

Designed for kids

Give your **child** the  
**necessary strength & skill**  
for the 21st century

# Our Pedagogical Model

**Discover a world of activities classes, events and interaction under one digital academy. Your child's new learning experience might be just around the corner. Explore, express, collaborate and learn within the digital community.**

**Build learning around "How are you smart" rather than "How smart are you?" Helping a child develop skills relevant to him**

**Use the "multiple intelligence assessments" approach to align personalized learning plans.**

**Promote collaboration and social learning among educators, students & parents.**

**Build a measurable outcome to track progress.**

# About the program

*With the fast-paced world of today and nuclear family, cultural parents cannot devote enough time to their kids. Especially when it comes to building moral values, our ancient scriptures are an abundant source of knowledge.*

*Bambinos takes pride in introducing the Gita to your kids in an easy, approachable and child-friendly way. The Shlokas are difficult for kids to understand in Sanskrit, but here we are breaking it down into pieces delivering the content in a fun and engaging way.*
