We have had a wonderful experience with bambinos, the teacher allocated to us was Alisha and my daughter would absolutely look forward to her classes because they would be engaging, interactive with lots of learning!

Alisha has amazing communication skills, is empathetic and is able to engage brilliantly.

We also experienced planet sparks and were utterly disappointed with planet sparks because their marketing was fabulous but teachers and content was a total waste, more like a tick in the box. We are coming running back to bambinos because of Alisha!
